

Classic, 12x20

HOW TO BUY A PORTABLE BUILDING IN 3 EASY STEPS:

- 1** Style
- 2** Size
- 3** Features

Now you can buy with confidence from a quality builder using a trusted, local dealer.

BUYER'S GUIDE

We build room for your imagination.

Here's how to recognize quality construction:

- Unique features
- Certified by State of Florida and engineered to withstand 160 MPH gusts

All pressure treated floor system with 3/4" plywood, 2x6 joists on 16" centers and solid 2x6 blocking at seams

Best roof system available with galvanized steel hat channel and high-rib galvalume steel roof

Double studs at all door openings with 4x4 or 4x6 headers

Your choice of #1 Grade Southern Yellow Pine or galvanized steel interior framing

Trussed rafters, standard with 7' wall height, 2x4 top plates, and double studded corners

Select a Robin Building Style To Suit Your Needs!

1

AMERICANA

The good looks and top value make it our most popular style.

- Gable located on end wall
- Highest storage capacity per dollar invested
- Galvalume steel roofing secured to steel hat channel for long term strength
- All the Robin sizes and options available to make it your own

Americana, 12x24

Americana, 10x12

Americana, 10x16
